

PosiCharge SkyLink

Cloud-Based Business Intelligence Platform

PosiCharge SkyLink

Cloud-Based Business Intelligence Platform

PosiCharge SkyLink is a cloud-based business intelligence platform that allows you to:

- Protect your investment and eliminate stranded assets
- Manage all of your charging systems in one place
- Transmit data via WiFi or Ethernet
- Collect energy consumption and create billing reports
- Remotely configure chargers and install firmware updates

Intuitive Interface for Quick Decision Making

- Clean, simple, and user-friendly interface makes it easy to know immediately which actions to take.
- Collect energy consumption, usage, safety, and performance data.

One Central Place for Asset Management

Manage your PosiCharge fast-charging systems through one central platform.

- Receive real-time data at your fingertips with actionable intelligence on:
- Charger Status
- Wireless Communication Status
- Energy Usage

With the right data, you can make smarter decisions to optimize your operations

Intelligent Smart Fast Charging

PosiCharge eGSE charging systems enhance operational performance and safety while reducing your operating costs.

Airports and airlines are a high speed, high reliability operation where even the smallest issue can cause a massive problem. Every piece of equipment in your operation needs to work on time, every time, so you can continue to perform. Our PosiCharge outdoor-rated chargers have the proven reliability to be trusted in some of the world's most extreme environments, from airports in Alaska to U.S. military bases in Afghanistan, to do just that.

Our easy to use, intelligent and durable chargers can fit any charging need while keeping your employees safe, your equipment optimized and your operation performing smoothly all while reducing operating costs. With advanced battery optimization and safety technology, you can be assured that no matter the type, size, voltage or brand of batteries your equipment uses, they will be given the best charge possible.

The PosiCharge Advantage

- Highest safety standards
- Power distribution technology
- Universal battery identification & protection
- Future proof technology
- Fully automated system
